

Angela Catterns

Outstanding broadcaster, MC & facilitator

Angela Catterns is one of Australia's most popular broadcasters and corporate presenters. With a diverse media career in film, TV and radio she has broadcast nationally, in Sydney, in country NSW and in Washington DC.

Angela's warmth, humour and intelligence make her one of the country's most engaging corporate MCs and facilitators. Her ability to manage complex schedules ensures events flow seamlessly, and her exceptional capabilities as an interviewer immediately have her guests at ease.

You may remember her from *Simon Townsend's Wonder World!*, *Mornings on Triple J*, the *National Evening Show on ABC radio* and *Breakfast on 702ABC Sydney*, where she reached Number 1 in the ratings. She co-presented the *Breakfast Show* on Vega fm in Sydney, and has been a frequent presenter of a variety of segments for ABC radio.

Angela's regular podcast "*Is It Just Me...?*" created with fellow radio veteran Wendy Harmer for the ABC website, is heard on Qantas planes all over the world.
