

Nathan Sharpe

Former Wallaby Captain and Rugby Union Legend

With over 10 years of experience in the mining industry, Nathan Sharpe combines his passion for people leadership, operational experience and sporting accolades to drive and develop high performing teams.

With over 100 matches played for the Australian Wallabies, 20 as Captain, Nathan played for over 15 years at the elite Australian level in rugby union.

When he retired as captain of the Wallabies in 2012 he was Australia's most-capped forward with 116 tests and the second most-capped player ever. His durability saw him become the most-capped player in Super Rugby history with 154 games for the Queensland Reds and Western Force. He played in three Rugby World Cup campaigns. In his final year of international rugby in 2012, he was awarded, for the second time, the prestigious John Eales Medal, for Wallaby Player of the Year.

With his long list of distinctions and awards, Nathan has left an indelible impression on the game. While his presence on the field will be missed, Nathan continues to influence and inspire others off the field.

In 2021 Nathan transitioned out of sport and into the mining industry. He is now an owner and founder of Talisman Partners, a mining operations and services company and one of their services is centred on team cohesion and leadership development for mining and corporate organisations.

Nathan is also an ambassador of the Modified Rugby Program (MRP) which creates a community for kids that have learning and perceptual difficulties through the power of the rugby community and is also an ambassador of Wallabies travel now.

Nathan Sharpe continues to be a popular and frequently profiled member of the rugby community. He is respected worldwide for both his on-field efforts and engaging and affable off-field contributions, making him a much sought-after speaker for a wide range of audiences.

Nathan Sharpe Talks About

Experiences and lessons from his stellar rugby career and discusses how he applies these insights

into life and business success beyond the field.

Covering leadership, change management and team culture, Nathan combines his on field experience and business knowledge to deliver sessions that benefit audiences and their projects.

Testimonials

“ Nathan is a strategic visionary. Nathan brings excellent inter-personal communication, motivational team-skills and media management learned from 15 years of international rugby to the business community. His social media presence and global branding will be an asset to health, wellness, organic and sustainability projects both now and in the future.

- *World Rugby*

“ Nathan provided his services free of charge to attend the Sony Children's Holiday Camp on the Gold Coast. In the capacity as a celebrity visitor Nathan provided massive enjoyment for over 40 children with special needs. The camp is run by volunteers and matches year 11 students with a special needs child one on one 24 hours a day for 4 days. Nathan attended one of our sessions to mix with the special needs children and speak to the year 11 boys and girls. The inspiration and kindness displayed left a lasting impression on all those attending the camp.
