

## Dr Catriona Wallace

---

***Global Ethicist, AI and Metaverse Specialist,  
Entrepreneur, Investor and TV personality***

Dr. Catriona Wallace is a Global Ethicist, Adjunct Professor, speaker, and co-author of the book, “Checkmate Humanity: the how and why of Responsible AI.” A trailblazer in AI, the Metaverse, entrepreneurship, and the Psychedelic Renaissance, Catriona has founded multiple groundbreaking companies and is regarded as one of the top 10 speakers globally on AI and Ethics, as Australia’s most influential woman in business by the AFR, and one of the world’s 50 most powerful women by the Centre of Economic and Leadership Development in the UK. In 2023 Catriona also captivated audiences as a “Shark” on Shark Tank Australia. Catriona’s expertise spans emerging technologies, innovation, leadership, and ethical practices. An internationally sought-after commentator, Catriona offers invaluable insights into the future of humanity and technology.

### ***Dr Catriona Wallace speaks about:***

- AI, emerging tech and the Future of Humanity
- Checkmate Humanity: the how and why of Ethical and Responsible AI
- The Metaverse - what is it and what will it do?
- Big picture conversations about AI, emerging technologies and the future of Humanity: where is it going, who is leading it; is it good or bad or both; how can it be done responsibly; and who needs to be paying attention - policy makers, decision makers, governments, policing organisations, executives; what action needs to be taken now to prevent a dark and uncertain future; and how to step into being an ethical and responsible leader
